

**Putzmeister**

## Your benefits

- Including
  - battery-powered LED headlamp
  - flooring trowel
  - bluetooth speaker
  - water bottle
- Individually expandable with different smoothing discs
- With matching transport case incl. quick charger
- Low weight of 37 kg facilitates transport on the construction site
- Two speeds, either 130 or 155 revolutions per minute
- Gentle soft start makes starting easier
- Safety stop after 1/8 turn guarantees the highest level of safety
- Ergonomic shape facilitates handling and protects the user

## Battery Powered Smoothing Machine cordless – ergonomic – powerful

Maximum flexibility due to the elimination of the cable.  
With a battery life of up to 110 minutes, around 300 m<sup>2</sup> of screed can be smoothed effortlessly.

The charging time of a battery is only 80 minutes.

Your competent Putzmeister dealer will be happy to advise you on technical details and application questions.

- **Cement screed**
- **Calcium sulphate screed** (anhydrite)
- **Magnesia screed**

Semi-dry  
floor screed

The robust engine guard also serves as a practical carrying handle

Two powerful 56 V batteries provide sufficient power. The charge level is permanently displayed.

Perfect ergonomics thanks to infinitely adjustable tiller. Low-fatigue work due to operation of the switch with the whole hand.
