- Two speeds, either 150 or 210 revolutions per minute
- Gentle soft start makes starting easier
- Safety stop after 1/8 turn guarantees the highest level of safety
- Ergonomic shape facilitates handling and protects the user
- Transport case available as an option

Battery Powered Smoothing Machine SMART cordless – ergonomic – powerful

Maximum flexibility due to the elimination of the cable.

With a battery life of up to 80 minutes, around 200 m² of screed can be smoothed effortlessly.

The charging time of a battery is only 80 minutes.

Your competent Putzmeister dealer will be happy to advise you on technical details and application questions.

- **Conventional screed**
with binder (cement, calcium sulphate, magnesia, etc.)

Semi-dry
floor screed

Thanks to transport wheels and a weight of only 21 kg, the machine can be easily transported by one person.

The powerful 56 V battery with 672 Wh provides sufficient power. The charge level is permanently displayed.

Perfect ergonomics thanks to infinitely adjustable tiller. Low-fatigue work due to operation of the switch with the whole hand.
