

Putzmeister

HOPPER SKIRT – CLEAN JOB!

The practical protection against soiling

The Hopper Skirt from Putzmeister is a simple and practical solution to prevent soiling during concreting.

It is made of transparent plastic and can be attached quickly and securely to the edge of the hopper using strong magnets.

A practical accessory for your concrete pump that you won't want to be without.

One size to fit on all hoppers

- Part number: 781445
- Universal for all Putzmeister truck-mounted concrete pumps
- Easy fitting due to strong magnets
- Less time for cleaning the machine
- Strong material
- Individuell print on possible
- Made in Germany
- Clean backend after pumping

Safety-relevant control elements are clearly visible thanks to the transparent material

Holds securely thanks to strong magnets
